

MONTESSORI SCHOOL

OF MANHATTAN BEACH, RANCHO PALOS VERDES

JUNE 2010

Dear Parents,

Wow! I can't believe I'm typing this year's last newsletter; my how time flies. Last month we had fun learning about different book authors and illustrators. We read books from Eric Carle, Dr. Seuss, and Shel Silverstien. Our art project was from the author and illustrator Shel Silverstien and his book is called "The Giving Tree". After reading the story, the children chose their favorite part and illustrated it themselves.

Our unit study this month will be the Solar System. We will learn many exciting things regarding outer space. I'm sure this study will be a "blast" for all of us!
