

Montessori School of Manhattan Beach

February 2012

Dear Parents,

The children had a great month of January. They learned about mammals, Martin Luther King, and Antarctica. We also had a visit from Mr. Valentine the reptile man, the children really enjoyed all the reptiles and animals they got to see and touch. We took a lot of really great pictures. We also enjoyed making polar bear pizzas, they were so yummy!! The children had a blast celebrating Chinese New Year with a dragon parade. Happy Year of the Dragon!! We're really excited for the month of February because we have a lot of fun things planned for the kids. Thanks again to Andrea and Jill for keeping everyone updated with events. Thank you also to our parents for donating our cooking project ingredients.
