2009

Children ages 18 months to 6 years

Session 1: July 06 - July 31

Session 2: Aug 03 - Aug 28

In our summer program each class will study a country, a composer and an artist from that country.

The children will explore the culture, art, music, food and drama within the country they are studying. Tennis lessons are included!

Each day will be filled with musical and visual excitement coordinated together. Art projects will explore variations in color, texture, and composition through activities like weaving a colorful loom, painting classroom murals, and hand-making musical instruments.

The children will also be treated with live performances from guest artists. Drama activities will range from poetry and storytelling to skits and mini-plays.
